## Jillian Lee

Associate Consultant  
Graphic Facilitator

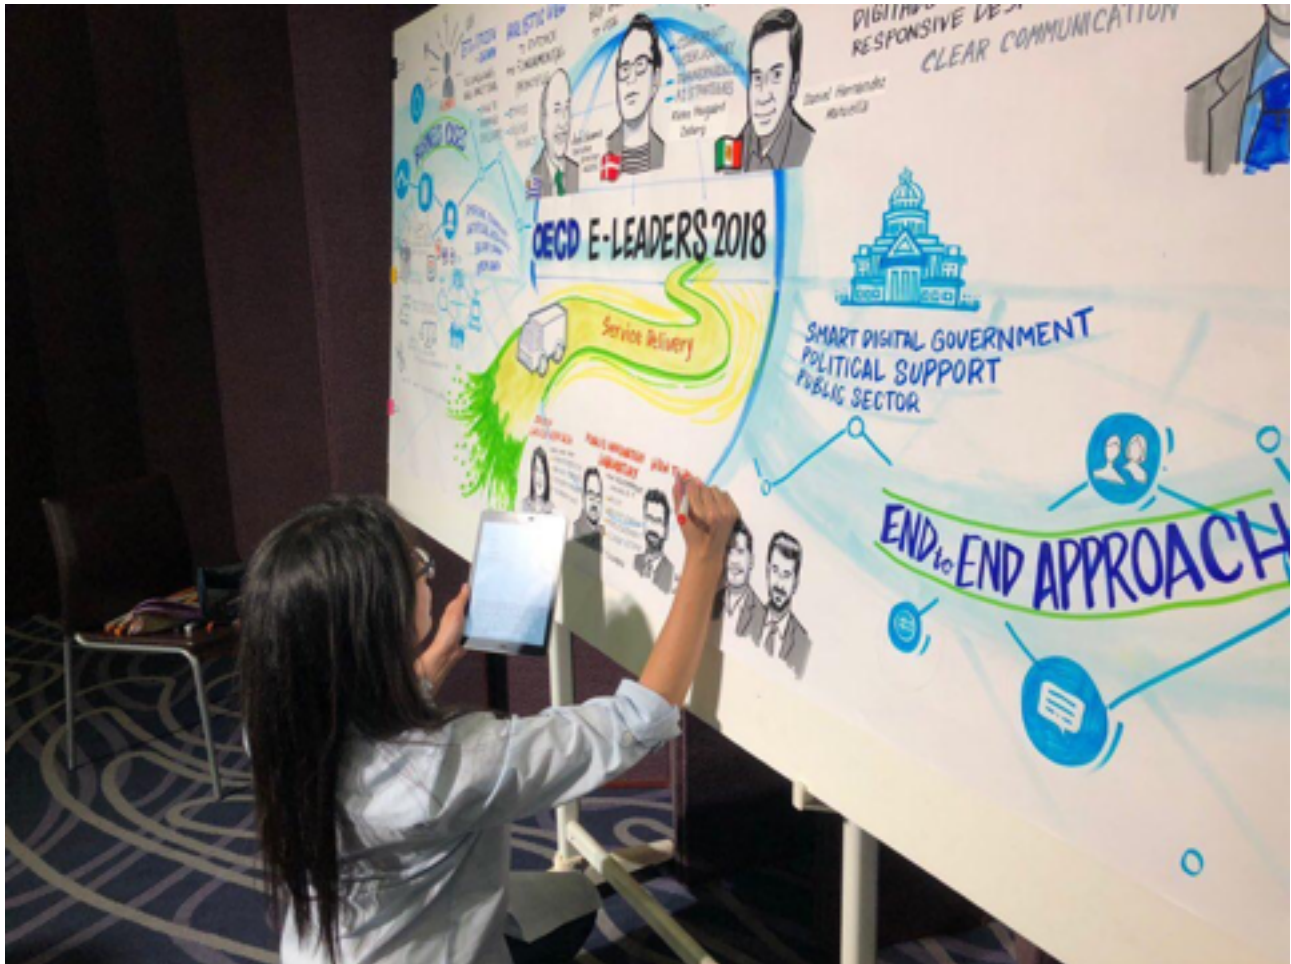

Jillian is a consultant and graphic facilitator based in Seoul, Korea who has a specialty is organizational development and change. She started her work as a researcher from a government institute, KRIVET and was in charge of organizing meetings with various stake holders. While doing her work, she realized there's a need of more effective ways to listen to attendants and connect their thoughts and ideas. That's why she decided to become a graphic- facilitator. She started her business in Korea since 2015 and has been pioneering the visual facilitation area in the emerging market, Korea. She has joined IFVP (International Forum of Facilitation) and have worked with Art of Awakening as our Associate since 2016 .

She's worked with many prestigious companies, institutes like like abbbie Korea, Samsung, Amore Pacific, KRIVET, and DDP. And also worked with Seoul and Sunchoen City and many others. She also has great understanding of Korean market and organizational cultures. She's been trained as an Industrial Organizational Psychologist and hold a degree of Human Resource Development.

She also does many projects related with social innovation and change with university institutes and NGOs. Here's some sample work of Jillian:
